## Initial Case Report

Case Report # 2018-00011106

### NARRATIVE

On 1/29/2018 at 10:46 hours Officer Anderson and I were dispatched to an assault complaint at Fairfax Hospital, 916 Pacific Avenue. The reporting party advised a patient named [REDACTED] had assaulted two staff members.

Officer Anderson and I arrived on scene and made contact inside with registered nurse [REDACTED] and Doctor [REDACTED]. Both individuals are employed with Fairfax Hospital and were working in their respective jobs at the time of the incident.

Dr. [REDACTED] reported he had walked out of the nurses station when [REDACTED] charged towards him unprovoked. [REDACTED] swung his fist in an attempt to punch Dr. [REDACTED] in the head. Dr. [REDACTED] said he was able to block the punch with his left forearm. There was no visible injury to Dr. [REDACTED]'s forearm.

[REDACTED] reported after [REDACTED] had assaulted Dr. [REDACTED] she went to go speak with him about placing limitations on his visit. While in the room with [REDACTED] he charged towards her. She turned her back away from him and squatted down to protect herself. [REDACTED] then punched her in the back of the head with his hand. There was no visible injury to [REDACTED]'s head.

In speaking with [REDACTED], she informed me that police were called over the weekend after [REDACTED] had assaulted three separate patients within the hospital. That incident was reported to police, but [REDACTED] was not placed under arrest at the time. I later looked up this report (2018-10353) and confirmed [REDACTED] was referred for assault charges stemming from an attack on another patient.

After speaking with [REDACTED] and Dr. [REDACTED] I was directed to room 707 where [REDACTED] was sitting on his bed. I asked [REDACTED] about what had occurred this morning. He mentioned something about being a pharmacist and other things I couldn't understand. I specifically asked [REDACTED] if he struck either Dr. [REDACTED] or [REDACTED]. He denied having done so, but said he did throw water at the doctor.

After speaking with all parties involved I determined there was probable cause to arrest [REDACTED] for assault 3rd degree (two counts), as both Dr. [REDACTED] and [REDACTED] were employed in their health care duties at the time of the assault. Officer Anderson and I placed [REDACTED] in handcuffs and advised him he was under arrest. Officer Anderson assisted with searching [REDACTED] incident to arrest. He was then escorted out of the building to a patrol car.

Officer Anderson read [REDACTED] his Miranda Rights from his department issued rights card. Written statements were collected from Dr. [REDACTED] and [REDACTED]. [REDACTED] advised there was video of the incident, but she was unable to access the footage at this time. [REDACTED] advised she would obtain a copy of the footage and turn it over to police at a later time.

Officer Anderson and I transported [REDACTED] to the Snohomish County Jail where he was booked. No further action was taken.
